

Honeycomb

Red Ribbon Week - Go Red Because it Matters

Did you take part in Red Ribbon week at BBHMS? "Your Future is Key, So Be Drug Free!"

was the theme for Red Ribbon Week at BBHMS this year. At the kick-off,

there was a lunch room red-out contest where students were given the chance to win a lunch party and an ice cream coupon. Also, students were able to purchase Hershey bars to be delivered to their friends in homeroom.

On Monday, students wore pajamas to school in order to "Dream

Away Drugs". Tuesday's theme was to "Shoot For The Three & Be Drug Free" which went along with sports attire. Wednesday was American

spirit day. Students and staff dressed in red, white and blue. To "Be Patriotically Drug Free". Finally, Thursday was the homeroom contest. Each homeroom came up with a theme. It was so great to see all of the creativity!

Monster Bash

The 6th Grade Social was a huge hit! From the costume contest all the way down to the DJ, everything was perfect. In the costume contest, some of the best costumes won gift cards to places such

candy varieties, but personally I liked the sour ones! Speaking of candy, the food was just as great! There was not only pizza, but pretzels, fruits, cookies, chips, and much more. Everyone ate and drank the lemonade with joy! The open gym was one of the main plac-

as Starbucks or Target. Although many people didn't dress up, everyone looked

great. The DJ played any song requested! Even if you didn't request songs, I bet you danced your feet off! Some of the best dancers there included gymnasts, but there were many more great dancers in the crowd. The candy station featured several different

es to be. With open gym going on, no one could get enough of volleyball and basketball. Activities were everywhere including the scavenger

ping hunt, -pong, and put-put! Everyone went home with not

only a smile on their faces, but memories to last a lifetime. In conclusion, the sixth grade Halloween Social was awesome!

Character Word of the Month Award Winners for September

Fall Trivia:

What do you get when you drop a pumpkin?

Please submit this [form](#) with the answer to the trivia question to be entered into a drawing for a chance to win a gift card! Drawing will be held on Wednesday, 11/15/17.

Interview: How much do you know about Mrs. Mieskoski?

Did you always want to be a librarian for a school? If not, what other careers were you interested in?

No, but I always loved reading and being around a school setting. (It must have shown, as my 2 sons are teachers, and my daughter was a teacher for 3 years before continuing her education to become a doctor.) Because of my PSO volunteer work I was able to get a position working in the BBHCSD in the library. I am so lucky because I LOVE my job! It is said, "Find something you love to do, and you will never work a day in your life". This is so true. The only other profession I would have loved to pursue was studying to become an X-ray technician.

How long have you been a librarian?

I have been working in the media center for almost 30 years! What was once a library has now evolved into being the technology hub of the school. And I love it!

Did you have any other jobs before you worked here?

Yes, for a short time as a business secre-

tary and for one year as a dental assistant.

Do you pick the books that are in the library? If so, how do you decide which books to pick?

Yes, I select the majority of the materials for the media center. There are many ways I determine what to purchase.

1. First, and foremost, I listen to you (the students) as to what you are reading. Your input is most important to me. I want you to be reading and I have learned over the years, that it is important to have the books you are wishing to read. (What good is having lots of books you aren't interested in *even if they are good books, if you aren't reading them.)
2. I also rely on teacher's recommendations and what they determine would be helpful for their curriculum.
3. I try to keep the high interest books and the "oldies, but goodies" on the shelf for you as well.

What do you do during the day that people may be surprised to hear?

As embarrassing as this is... Mrs. M. watches far too much reality television!:) Any program where they vote people off weekly, she can be found watching. You can sometimes also find her visiting her son Mr. Shuster (7th grade gold Social Studies teacher) in his room.

Coaster Chat: Keeping up with Cedar Point

By Will Minatel

Welcome to BBHMS's way of keeping *track* of the true happiest place on Earth, Cedar Point. I'm Will, and this is Coaster Chat.

Intro to Steel Vengeance

In this Coaster Chat, I will be going over Cedar Point's newest addition to their already phenomenal roller coaster lineup. Yes, I am talking about the behemoth now standing over Mean Streak's grave, Steel Vengeance. This thing will be massive, standing at 205 feet tall, dropping riders 200 feet straight down 90 degrees, and going upside-down 4 times. The last piece of track which was melted into place on October 4th will ensure that riders will be whipped through 5,740 feet of track at a top speed of 74 miles per hour, making this ride two and a half minutes long. However, the most impressive thing about this out-of-control monster is the airtime. Most of you know the feeling you get at the top of the hill right after the first tunnel on Millennium Force, where you are whipped out of your seat and hovering over it for about 2.5 seconds. On Steel Vengeance, you will be out of your seat for 27.5 seconds, the most airtime on any roller coaster in the world! You will never be sitting down, and there is nothing the lap-bar(yes, you go upside-down 4 times with just a lap-bar) can do to defy physics, unlike the banked track on the outside of a turn that can also be found on this beast. It was built by Rocky Mountain Construction(RMC), a fairly new company that takes an old

wooden roller coaster and outfits it with fancy steel track and inversions, making one of the best rides in the world! The company's short yet amazing history gives this monstrous ride great expectations. So this presents a challenge of riding it in it's opening year, but it would pretty much be a crime to live this close to the park and not get on it.

So, that about summarizes this insane ride. The question on everybody's mind, however, is "Will this be the best ride in the park?" In all honesty, I personally think it will be. This thing's got the stats and it breaks the records (10 of them to be exact). But the only true way of knowing if it is the best is riding it. The last question left is: Are you brave enough to take on Digger, Chess, and Blackjack? These outlaws have come to take back Mean Streak's fame from Maverick, and they've also come to take you on the wildest ride in Frontiertown.

*Images: Left = Steel Vengeance's first hill from underneath the structure of three airtime hills
Right = A view of the first hill and inside of two of the three zero-g rolls*

Try this fun fall brownie recipe! It is absolutely delicious!

What you'll need is.....

- Chocolate chips
- Flour
- Milk
- Orange frosting
- Pumpkin cookie cutter

Melt the chocolate chips in a bowl then add a generous amount of flour. Then add $\frac{2}{3}$ of milk, mix till thick. After you mixed and it is a little runny add some more flour. Preheat oven at 350 degrees for ten minutes then put brownie batter in for 20 minutes. Take the cookie cutter and cut the brownie, after that put the frosting on. Now you have a cute pumpkin brownie!

Heart Warming Fall Recipe

If you want to warm up right into fall try this delicious recipe of Autumn Cheesecake! This is a delightful apple cheesecake that is a medium level to make. There are four simple directions. First, preheat your oven to 350 degrees. In a large bowl, stir together the graham cracker crumbs, $\frac{1}{2}$ cup finely chopped pecans, 3 tablespoons sugar, $\frac{1}{2}$ teaspoon cinnamon and melted butter; press into the bottom of a 9 inch springform pan. Bake in preheated oven for 10 minutes. Secondly, In a large bowl, combine cream cheese and $\frac{1}{2}$ cup sugar. Mix at medium speed until smooth. Beat in eggs one at a time, mixing well after each addition. Blend in vanilla; pour filling into the baked crust. Thirdly, In a small bowl, stir together $\frac{1}{3}$ cup sugar and $\frac{1}{2}$ teaspoon cinnamon. Toss the cinnamon-sugar with the apples to coat. Spoon apple mixture over cream cheese layer and sprinkle with $\frac{1}{4}$ cup chopped pecans. Lastly, bake in preheated oven for 60 to 70 minutes. With a knife, loosen cake from rim of pan. Let cool, then remove the rim of pan. Chill cake before serving. The best part is when it is done chilling and you get to eat it! Happy fall, and enjoy!

Join Honeycomb!

Are you looking for a way to become involved at BBHMS? Do you like to write? You might want to consider becoming a member of Honeycomb, our BBHMS school newspaper. If you join Honeycomb you will be able to write an article for each monthly newspaper and will have lots of fun! If you are interested in Honeycomb please consider coming to the next meeting on Wednesday, November 15th. You will hear morning announcements about the meeting as well! Honeycomb is a great way to make new friends, so please consider joining this club!
