"where fine education is a heritage"

BBHCSD Presents Hybrid, Online and Remote Learning Plans Please Participate in Declaration of Intention for the Fall

August 12th, 2020

Dear Brecksville-Broadview Heights City Schools Community,

The purpose of this email is two-fold: First, to share the District's Hybrid, Online and Remote Learning Plans for the 2020-2021 School Year for your review. Second, to ask parents for their Declaration of Intention regarding the educational plans of their child for the upcoming year.

The summary Hybrid, Online and Remote Learning Plans for the Brecksville-Broadview Heights City Schools have been collaboratively prepared and include an overview of what parents, students and staff should expect on a daily basis in several important aspects of District operations: Instruction, Special Education, Social and Emotional Learning (SEL), Health Protocols, Transportation and Food Services. In addition, the Hybrid, Online and Remote Learning Plans are organized by Elementary, Middle School and High School Learning Levels. Keep in mind that currently, the District will return to school following the Hybrid Learning Plan at all levels of education.

The District has created these one page summary documents per grade level and per plan-type for your convenience. The full and supporting details of these plans, including sample schedules, are available online as well.

As an opportunity for further review, the District will be hosting a Town Hall meeting with our building principals regarding the various plans on Friday, August 14th at 9 a.m. Additional details for the meeting will be shared tomorrow.

Preschool students will attend school Monday, Tuesday, Thursday and Friday to align with the rest of the District's current hybrid plan. There will be no school for Preschool students on Wednesdays. All preschool students will be in session on all four days according to the regular Preschool schedule.

Between November 30th and January 4th, the District will follow the Remote Learning Plan at all grade levels. The Remote Learning Plan will also be instituted if the county updates our Public Health risk status to Level 4-Purple. Finally, the BBHCSD's Online Learning Plan is provided as well, for students with compromised immune systems or who choose not to attend school in-person this fall.

So that the BBHCSD can continue preparing for the 2020-2021 School Year, the District has included a Declaration of Intention link for you to fill out, regarding the intent for your children to participate in the District's Hybrid Learning model or the Online Learning model. **The District asks you to fill out one Declaration of Intention form per child.** Parents declaring their intention to have their children participate in the Hybrid Learning model will be asked to answer a question regarding transportation use as well. Please see the nearby link, and once again, fill out one Declaration of Intention form for each child in the District no later than Monday, August 17th.

Thank you for your continued support, patience and flexibility.

GO BEES!

Sincerely,

Joelle Magyar
Superintendent of School
