

# Brecksville-Broadview Heights City School District

## Congratulations on the Close of the 2021-2022 School Year Have a Safe and Enjoyable Summer

June 2nd, 2022

Dear Brecksville-Broadview Heights City Schools Community,

The 2021-2022 School Year came to a close today, as students and staff wished one another well for the summer months, after a week of completing final tasks, participating in a variety of fun activities and bringing closure to another chapter of our respective educational journeys. Over the last week or so, farewell activities took place at Chippewa, Highland and Hilton Elementary Schools with events and special presentations. The community will have one last opportunity to say goodbye to our beloved elementary buildings during Brecksville Home Days, on Saturday, June 25th:

- Chippewa, 9 a.m. – 12 noon
- Highland, 11 a.m. – 2 p.m.
- Hilton, 1 p.m. – 4 p.m.

### **Tour the New Elementary Building!**

As shared in earlier correspondences, our BBHCSD family will have an opportunity to tour the new Brecksville-Broadview Heights Elementary School. Administrators from the BBHCSD will provide tours of the new elementary school to Brecksville or Broadview Heights **residents who do not have students** attending the building during the week of August 1st. Please sign up with this link for an available time slot.

**Families with students** in elementary school will have the opportunity for guided tours with administrators from the BBHCSD during the week of August 8, 2022. If you wish to sign up for a tour, please reserve a spot for each family member. Tours this week are reserved for our elementary families only.

Ultimately, we want the entire community to have an opportunity to see this grand public project upon its completion. Utilizing the links above for non-families during the week of August 1st and for elementary families during the week of August 8th will allow district officials to remain organized and orderly so that we can all benefit. Thank you once again!

### **High School and Middle School Traffic Flow Additional Information**

As a follow up to last week's message regarding new traffic patterns at the Middle School and High School for the start of next school year, please accept the following additional points of emphasis:

- Families with students at both the Middle School and High School **will have an area to drop off both students in one common location** on the top of the hill between the buildings, as part of our traffic flow enhancements. Families with students at both buildings are asked to utilize the Board Office entrance and continue toward the campus and up the hill for this designated drop-off location.
- The message that only **students who live outside the 1-mile radius from their buildings to receive district transportation applies to students at the Middle School and the High School**. All elementary students will have access to district transportation regardless of the distance between their residence and their school

building.

The district is currently compiling commonly asked questions regarding our traffic flow enhancements, and will be posting that as a document which our community can review in the near future. The BBHCS D will continue reminding our community of these traffic pattern updates throughout the summer months so that we can all benefit next school year.

Until then, thank you all for a safe and successful school year. Enjoy the early parts of your summer break, and plan on continued communications throughout the summer months as we excitedly approach the opening of our new elementary school.

Thank you for your continued support! Congratulations all, once again!

GO BEES!

Sincerely,

Joelle M. Magyar  
Superintendent of Schools
