

BRECKSVILLE-BROADVIEW HTS. CITY SCHOOL DISTRICT

"where fine education is a heritage"

Superintendent Update to the Community

June 26, 2020

Dear Brecksville-Broadview Heights City Schools Community,

Summer is in full swing, and on behalf of everyone in the District, I sincerely hope you're enjoying warmer temperatures in a safe, special and sunny fashion. A few updates are included in this email for your information, so please take a moment to read below.

Ohio Governor Mike DeWine has indicated that more direction regarding the 2020-2021 School Year is expected in the very near future, and the BBHCS D is planning and preparing for all possible scenarios. The data you provided in our recent survey proves to be useful in our preparations. Once Governor DeWine provides this direction on the start of the 2020-2021 School Year, the BBHCS D will be communicating with the parents and families in our District. Please stay tuned for more information on this important topic.

One positive piece of information that the District can share revolves around the official passage of Ohio House Bill 164 that was signed by Governor DeWine last week, which effectively and significantly lessens the impact of the budgetary reductions that were anticipated for the BBHCS D, and other Districts, in the next school year. Our statewide representatives recognized the severity of such reductions and took corrective action to help schools with funding adjustments, including in our own District. This news positions the BBHCS D to continue delivering its heritage of fine education, with a reduced financial impact, due to the coronavirus pandemic in our District. Thank you to our statewide elected officials who played a significant role in restoring funding for us all.

The BBHCS D will continue sharing more updates with our school family next week. Have a great weekend, and as always...

GO BEES!

Sincerely,

Joelle Magyar
Superintendent of Schools
