

## Transportation Appeals Committee Guidelines

1. Policy 8600 Transportation and the associated Administrative Guidelines will be used as the reference for appeal decisions.
2. Parameters for decision-making will be the following, in prioritized order:
  - Safety
  - Efficiency
  - Cost
  - Convenience
3. Consensus decision-making is desired, but member voting will be conducted for each appeal.
4. The committee's decision is final.
5. Once a decision is made on an appeal, unless significant new information is made available regarding the stop, additional appeals will not be heard.
6. Appellant(s) will be notified by the administration of committee decisions.
7. Discussion regarding each appeal will remain confidential and will not be shared outside the appeal meetings.
8. Alternates should make every attempt to attend the appeal meetings so that they experience the history of the appeal discussions.
