

Brecksville-Broadview Heights City School District

Board of Education

Resolution of Urgent Necessity Waiving Competitive Bidding and Authorizing Paving Work at all Districts Facilities

Whereas, recent severe winter weather conditions have caused unexpectedly extensive damage to the paved surfaces at several district school sites; and

Whereas, the extensively damaged areas are such that immediate repair is needed to secure the district property and remedy conditions jeopardizing the safety of students, employees and the public utilizing the property; and,

Whereas in recent years, the district has utilized the shared services of the City of Brecksville for its pressing asphalt pavement repair needs within the district and anticipated utilizing those services again this year for these urgently needed repairs; and

Whereas the City of Brecksville has now informed the district that due to the unexpectedly extensive and urgently needed repairs to the City's streets it cannot provide the labor or equipment to the District this year needed for the urgent repairs; and

Whereas the district has determined that there is insufficient time or availability of contractors to competitively bid for asphalt repairs and insure safe site conditions for the students, employees and public using the district facilities;

Therefore be It Resolved that The Board of Education hereby expressly finds and declares that a case of urgent necessity exists for the prompt repair of extensively damaged paved areas in order to ensure the security of its property and the safety of the students, employees and public utilizing the district property and consequently, pursuant to the authority granted by Ohio Revised Code Section 3313.46 the Board of Education waives competitive bidding and authorizes and directs the Superintendent and Treasurer to immediately seek competitive quotes and proceed with the urgently needed work as soon as possible so that paved areas will be repaired and upgraded for safe use by students, staff and the community.
